welcome, date with year, time (update board)

Weather: MOSTLY MEMORIZED!

One in past, one in present, one in future

Announcements: 2 different announcements with lots of specific details like day, date, time, place, cost, why go, etc. One real - the other can be invented - but must still have detail. **One needs to be in the past.** Should be close to memorized - can use notes, but don't just read it

Presentation: Show and Tell: Bring an object that has some connection to Spanish language or culture. (from a Spanish-speaking country or about the culture) Tell about it using lots of description and information. Describe its physical qualities, tell how you got it, what it's for, etc. Show and tell should be about 1½ - 2 minutes long.

Graded on: (100 points)

Extra points for creativity, good vocabulary words, extra information and memorized show and tell.

If you don't bring your object -30 pts

PRACTICE saying things ahead of time - so you can speak fluidly and not stumble over unfamiliar words

Please plan ahead and get things ready early - I will be glad to help you before or after school - but not at the beginning of class when you should be ready to go already.

If you have a fluent speaker help you - please make sure you understand and know what you are saying.

If you are not prepared the day you sign up for - you may do it another day for ½ credit. **NO IMPROMPTU**
